

Prisoner Transport

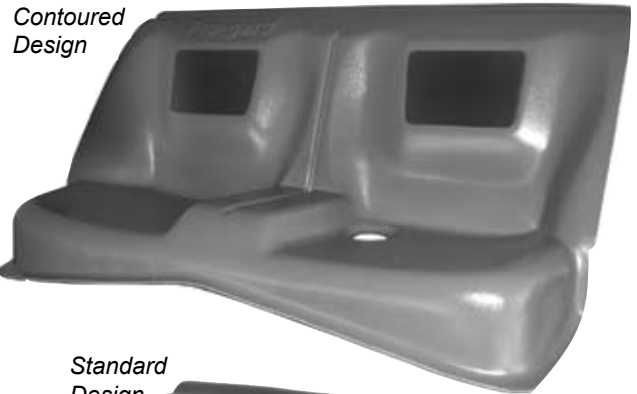

ABS Transport Seats & Floor Pans

Shown in Chevy Tahoe

Transport Seats and Floor Pans

- **Molded from high strength ABS**
 - designed to take the abuse of transporting prisoners
- **Contraband and pathogen control**
 - product design fits tight with other equipment to deter both the spread of pathogens and prisoners hiding contraband
- **Easy clean up**
 - clean up can be performed simply at the end of each shift by simply wiping down the seat and rinsing, water is expelled through floor pan drains
- **Available in two designs**
 - standard design works great for take home/patrol vehicles
 - contoured design provides additional comfort for cuffed prisoners
 - contoured seat's wider profile provides maximum arm space for larger prisoners

Shown in Dodge Charger

- **Quick installation**
 - minimal downtime
- **NHTSA Compliant**
 - Meets and exceeds both NHTSA fire retardation and passenger restraint specifications
- **Compatible with Ford's Crown Victoria fire suppression system**
