Standard Push Bumpers

Standard Push Bumper shown on Dodge Charger

Standard Push Bumper

Features of Standard Push Bumpers

- **Superior, patented design requires no holes drilled and no trim cut installation** - less down time and quicker installs
- **Solid weld, rugged steel construction** - ensures a longer, more durable life of the bumper that is easier to install
- **Auxiliary light and speaker mounting platform** - optional mounting holes for mounting lights and sirens
- **Integrated mounting design** - will not interfere with the SRS airbag system
- **Black powder coat finish** - adds a layer of protection against salt spray and other environmental conditions
- **Sturdy rubber padding**
 - encases bumper edge for a stronger coverage
 - replaceable for aesthetic purposes

Additional Features of LED, Standard Push Bumpers

- **Integrated, Whelen® Dominator™ 6 LED, lightbar for Sedans, 8 LED lightbar for SUVs**
- **Choose from three lighting patterns:**
 - all red

SUV version is 40% taller and 20% wider than Sedan version
