ALUMINUM STORAGE DRAWERS

With more and more fleets converting to SUVs for patrol vehicles, these lack the ability to conceal weapons like the trunk of a sedan offers. Pro-gard's innovative and durable Aluminum Storage Drawers are designed to help compartmentalize the cargo area, creating manageable spaces to store duty gear and equipment for easy locating when the situation demands.

Aluminum Storage Drawer Features

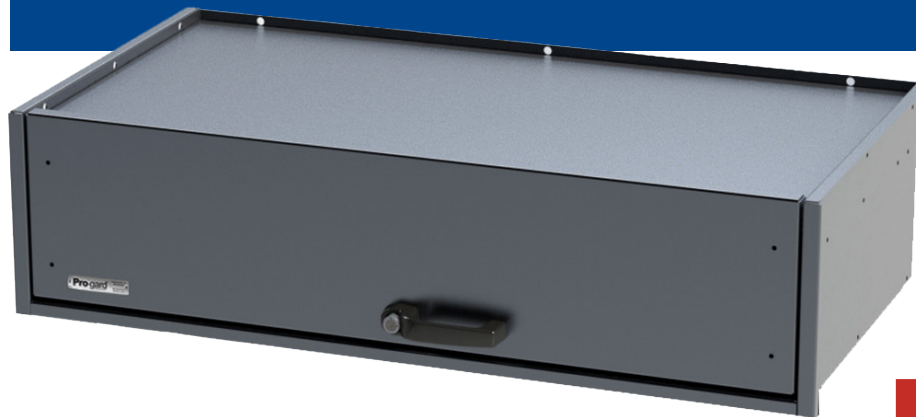

- » Lightweight, durable Aluminum design
- » UV protected, sturdy impact resistant material that will not fade
- » PVC Bumper Strips - flexible material forms to the contour of cabinet edges for a snug fit that won't peel away
- » Can accommodate up to 40" weapons
- » Large, easy access storage bins- great for oversized duty gear
- » Foam lined drawer can be custom cut to fit weapons and cargo
- » Push Button lock release/handle combo for one handed entry
- » Maintains OEM's visibility
- » Offers maximum protection against moisture, sunlight, regular wear and tear ensuring the product's dependability and longevity
- » 100% full extension ball bearing drawer slides
- » Can accommodate weapons up to 40" long
- » Can be used in conjunction with Pro-gard's PI Utility Cargo Area Organizer
- » Mounts with or without our Cargo Barrier
- » 12.25" of clearance space in Ford's PI Utility (44.5" Wide, 11" High, and 18" Deep)
- » 12.75" of clearance space in Chevrolet's Tahoe (47" Wide, 11.5" High, and 23" Deep)
