

The new Cargo Storage Floor installed on the 2021 Chevy Tahoe
*Polycarbonate cover on 3rd compartment for display purposes only

ORGANIZATION AND STORAGE

CARGO STORAGE FLOOR

Pro-gard[™]
PRODUCTS LLC.

CARGO STORAGE FLOOR

First compartment effortlessly stores weapons and is equipped locking hinged lid.

Second compartment is designed to hold equipment/gear and has a non-locking lid.

Third compartment houses a removable electronics tray.*

Pro-gard's new Cargo Storage Floor, three-compartment storage system, expands the cargo area allowing the officer to stow a wide range of equipment, weapons and electronics. The CSF creates an elevated floor in the cargo area of the 2021 Chevy Tahoe, providing the convenience to readily store and access gear and weapons. The three unique hinged storage compartments are installed with push-button latches to easily open and close each compartment as needed.

CARGO STORAGE FLOOR FEATURES

- » Creates an elevated floor in the cargo area allowing additional gear to be stored on top of the storage floor
- » Made of powder-coated 14 gauge steel
- » Each compartment has push-button latches
- » Easy to install, securely mounts directly to the floor using existing OEM mounting points
- » Mounts with or without our Cargo Barrier
- » Works with OEM seats (PPV/SSV)

Provides three unique hinged storage areas

- » 1st Compartment: Lockable area for weapons or other sensitive gear
- » 2nd Compartment: For storing equipment or duty gear
- » 3rd Compartment: Stores electronics with a removable electronics tray

Creates an elevated floor in the cargo area of the 2021 Chevy Tahoe.

**Polycarbonate cover on 3rd compartment for display purposes only, will be 14 gauge steel similar to other compartments*
