# COMMAND GRILLE®

Command Grille® shown with the Whelen ION T-Series and ION Mini T-Series lights installed.

The lightweight Command Grille® easily mounts onto the existing grille of the 2020 Ford Police Utility Interceptor.

Pro-gard's new patent-pending Command Grille® is designed specifically for the 2020 Ford Police Interceptor Utility and offers the perfect lighting solution for agencies that have a "No Push Policy". The sleek contoured design provides the perfect platform for agencies to quickly and easily install highly visible, front scene lighting without having to remove the vehicle's front fascia.

## COMMAND GRILLE® FEATURES
