

OFFICER PROTECTION THE IDENTIFIER™

THE SAFEST AND MOST RELIABLE DRUG TEST

The Identifier™ Drug Screening kit offers the latest scientific advances in an easy-to-use, rugged, and durable packaging.

This patented technology does not require the user to have direct physical contact with suspect substances and the sampler is protected from any possible combination.

The Identifier™ can test any substances, including traces in the micro-gram to nanogram range, on both small and very large surfaces and can also test liquids. Each kit can be used to detect trace amounts of dangerous or illicit chemicals on persons, surfaces, and clothing.

FEATURES & BENEFITS:

- Safe to use - No direct contact
- Self-contained, closed system
- Rugged plastic casing
- Smaller, easy to carry
- Tests substances, traces, all size surfaces, people, and liquid
- Operates in extreme temperatures
- Safe to dispose of - built-in neutralizing

DTK Identifier™ detects traces from any of the following:

Pills, Tablets,
and Capsules

Organic Material

Liquids

Powders and Crystals

THREE SIMPLE STEPS

1. TAP

Tap testing end to substance
then push back into vile until sealed.

2. BREAK

Break the ampule by pressing the
vile between index finger and thumb

3. SHAKE

Gently shake and observe the
color change reaction.

Why DTK...

EASY TO USE

Simple five step process to immediate results.

SELF-CONTAINED

Closed system is safe to use with no direct contact with substances required.

COMPACT SIZE

At under 3 inches (73mm), it's small enough to fit into just about any pocket.

LONG SHELF LIFE

With a lifespan of two years, the Identifier™ can sit unused and ready for testing for long periods of time.

RUGGED PLASTIC CASING

Maximum protection from accidental breakage and sealed tight to protect from possible contamination.

EXTREME TEMPERATURE OPERATION

From freezing to triple digits, this kit can remain accurate and withstand extreme environmental changes.

BUILT-IN NEUTRALIZER

The system is safe to dispose of after use thanks to a built-in neutralizer

TEST ON ANY SURFACE

The bristled applicator can pick up trace substances from any surface including skin, solids and liquids.

HOW DTK STACKS UP

	DTK™	POUCH SYSTEM COMPETITORS
Standardized Testing - NIJ	✓	✓
Safe hard shell protecting officers from punctures	✓	X
Detects fentanyl, meth, cocaine, opiates & MDMA in one test	✓	X
Does not need neutralized	✓	X
Capable of trace residue and liquid sampling	✓	X
Can be disposed in any trash receptacle	✓	X
The sampler is protected from any possible contamination	✓	X

DTK Drug Test 10pk Options

DTK 3001 General Drug Screening
 DTK 3002 Cocaine
 DTK 3003 Heroin White
 DTK 3004 Heroin Brown
 DTK 3005 Opiates
 DTK 3006 Marijuana/Hashish
 DTK 3007 Synthetic Cannabinoids
 DTK 3008 Synthetic Cathionics
 DTK 3009 Ecstasy/Bath Salts
 DTK 3010 Amphetamine
 DTK 3011 GHB
 DTK 3012 Flunitrazepam
 DTK 3013 Mephedrone
 DTK 3014 Phenylethylamine
 DTK 3015 Paracetamol
 DTK 3016 Morphine
 DTK 3017 Fentanyl
 DTK 3018 Buprenorphine
 DTK 3019 Mandelin Reagent
 DTK 3020 Mecke Reagent
 DTK 3021 Methadone
 DTK 3022 Ketamine
 DTK 3023 Buphedrone
